Derelict and Abandoned Vehicles

One purpose of Code Compliance is to reduce the amount of abandoned, wrecked, and inoperative vehicles stored on private property, which create a public nuisance and violate the City of Wildwood Code of Ordinances.

These types of vehicles when stored visible to the public create blight and special hazards. Derelict motor vehicles, mean a motor vehicle or boat, respectively, which has the wheels, current registration, engine or a substantial part thereof removed or discarded, or of no value as a means of transportation, or of no value except for salvage of parts.

Abandoned motor vehicle means a motor vehicle which is inoperable and is left unattended on public or private property for more than 72 hours, or a motor vehicle which has remained illegally on public or private property for a period of more than 72 hours.
